Presbyopia

Welcome to Southwest Virginia Eye Center

Thank you for choosing Southwest Virginia Eye Center and Dr. Till. Our center has been specifically designed to give you the latest and most modern eye care and diagnostic treatment available. Dr. Till is certified by the American Board of Ophthalmology and has been caring for patient's eyes and vision in the Roanoke Valley for over 25 years.

In order for your visit to be handled in a more timely manner, you may want to fill out the pre-registration forms before your appointment. After you have completed the forms, please sign and bring them with you at the time of your visit. You may wish to arrive 15 minutes before your appointment to allow time to process these forms.

**Please bring a list of your current medications with you for your appointment.**

Our office accepts many of the more common insurances (Medicare, Anthem, Cigna, Aetna, United Healthcare, Tricare and many others).

**In order for us to file your insurance on your behalf, you will need to bring your insurance card(s) with you at the time of your visit.**

Your health insurance may require a referral from your primary care physician. If you do need a referral, please have this arranged before your visit. We cannot see you without the referral as per the rules of your insurance plan. Other plans may have you pay a small deductible or co-payment, which we will need to collect the day of the appointment. We accept personal checks, major credit cards, CareCredit, and cash.

On behalf of the staff at Southwest Virginia Eye Center, we look forward to your eye care needs

Sincerely,

*Missy Conner*
